Purpose of the proposal and its anticipated effects, including any changes in existing rules:

Due to the passage of Substitute House Bill 2427 which made the Cosmetology Apprenticeship Pilot Program permanent, the Department needs to clarify the approval process for the registration of apprentice trainers, amend language that refers to the Apprenticeship Pilot Program, and any other rules that need further written clarification.

The Department is also considering adding a new section regarding the registration of students and apprentices to validate attendance at licensed schools and apprentice salons; and establish examination procedures for testing sites. Adding additional licensing requirements that include requiring additional documentation and submitting to a pre-inspection of the site prior to opening a school.
